20 Top Opt In Form Examples

The Ultimate Blog Training Package
How To Quickly Make A Full Time Income Blogging

BY CHRIS CANTELL

The images below are squeeze page examples that you can take inspiration from. The key points to take away from this are as follows: -

HEADLINE

This MUST be grabbing. It should create a desire to have the lead magnet product on it's own. The purpose of the headline is to entice the visitor to read on so that they are squeezed in to giving their email address.

BULLET POINTS

The bullet points should build on the headline and compel the visitor to want the product

LEAD MAGNET IMAGE

The squeeze page should have your product image cover on it. This will help conversions. You should ensure the cover is professionally produced with great graphics and punchy headlines

OPT IN FORM

The squeeze page wouldn't be a squeeze page without the optin form where the visitors enter their email details in exchange for the product
